GRAND PRIZE

A trip for two to the
World Dog Show **2021** in
Brno, Czech Republic.

NO MEMBERSHIP FEES!

No purchase required. Valid in Quebec. Prize valued at \$4500.
Full contest details available @ www.DogShow.ca/en/contest

NOTE: No post or 'phone' entries accepted. No postdated cheques accepted. **Entries will not be accepted unless accompanied by payment.** Payment can be made in either US or Canadian Funds. **US accepted at par.** We would encourage all entrants to enter using the www.dogshow.ca website. Most of the dogs and handlers information were transferred to the new site but you should check your information. There is no charge to be a part of the website.

Listing Fee: A listing fee as established by The Canadian Kennel Club must accompany the entry of a dog for which a Canadian Kennel Club individual registration number or Event Registration Number (ERN) is not shown on the entry form.

Non-Member Participation Fee: A non-member participation fee will be charged to a resident of Canada who is a non-member of the CKC. The non-member participation fee is paid in any year a title is earned and covers all titles and dogs owned by that individual. In order for the title to be awarded, the non-member will have a choice to either become a CKC member or pay the non-member participation fee. Failure to comply within 30 days of notification will result in the title being withheld and the dog cannot be moved up to the next level.

Attention Foreign Exhibitors: Please note that fees are due and payable in Canadian dollars. Due to consistently fluctuating currency rates, discounted cheques will not be accepted. Personal cheques will be accepted; however, they are to be payable in Canadian funds. If you send a cheque in U.S. funds, it must be made out for the full amount of the entry and no exchange will be refunded to the exhibitor. Please do not mark cheques "Payable in Canadian Funds" or

"At Par". They will not be cleared by the banks. To simplify the process, we urge that you purchase bank drafts or money orders payable in Canadian funds.

New Number System for Dogs Entering Shown as “Listed”

This year, CKC is moving forward with an enhanced computer system, offering users an improved online experience with tools that make doing business with CKC much simpler and faster. It will also accommodate the submission of electronic event results. To facilitate these new processes, each dog must be able to be identified by the system (i.e. have a unique number). When the system is implemented, CKC will initiate a new process requiring all recognized breeds that are considered listed dogs entering events to obtain a Temporary Competition Number (TCN). The TCN allows a dog that is eligible for CKC registration or an Event Registration Number (ERN), to participate in CKC events. Temporary Competition Numbers must be obtained before the closing date of entries. Once the dog is permanently registered or has an ERN, the TCN will no longer be valid. While there is no fee for the Temporary Competition Number, exhibitors will still be required to pay listing fees when entering events. The request for a TCN will be self-serve; exhibitors will be directed to the CKC website to complete an online application and a TCN will be issued instantly. Exhibitors may also obtain a TCN by completing a printed application and submitting it to the CKC, or by contacting the Shows and Trials Division by telephone. This initiative was passed by the Board and is effective July 1, 2018; however, the Temporary Competition Numbers will not be available until the new system is implemented. In the meantime, we will continue to provide updated communication regarding this matter. The Temporary Competition Numbers will also allow results to be posted sooner. As the launch date for the new computer system approaches, and throughout the transition, CKC will be working with clubs and event secretaries, and will provide members with e-mail updates, and postings on ckc.ca and Facebook. If you have any questions regarding Temporary Competition Numbers, contact Membership Services at 416-675-5511, 1-855-364-7252 (toll-free), or email at information@ckc.ca

HUNT TESTS OFFERED

Working Test

A working Spaniel must show a desire to hunt in an interesting and enthusiastic manner and demonstrate an ability to retrieve.

Dogs should show no fear of ground and type of cover, respond reasonably well to whistle, verbal and hand commands and maintain a reasonable working distance from their handler.

The working Spaniel must find, flush and retrieve two (2) birds on land. Steadiness is not required. Furthermore, it must retrieve one (1) bird from water by swimming a minimum distance of 20 metres and a

maximum of 40 metres. The dog should deliver the birds within a one (1) metre radius from the handler. At the water the dog can be restrained by a leash and sent only at the judge's direction. Dogs which are gun-shy or show no interest or ability to hunt are unacceptable and should be disqualified.

Junior Hunt Test

A junior hunting Spaniel must show all the attributes of a working Spaniel. In addition, the dog must show boldness to all types of cover encountered a definite quartering pattern and an intense desire to hunt within gun range.

The junior hunting Spaniel must find, flush and retrieve two (2) birds. Steadiness to wing and shot is not required, however the dog must not chase uncontrollably. The dog must retrieve one (1) bird from water in a crosswind by swimming a distance of 25 metres and a maximum of 50 metres. All birds must be delivered to hand. The dog must be line steady at the water and wait to be sent at the judge's direction.

Senior Hunt Test

A senior hunting Spaniel must clearly show all the attributes of a junior hunting Spaniel. At this level, the dog must show a very polished quartering pattern that covers the ground in an intense and independent fashion. The dog must be steady to wing and shot and be line steady. The dog must show that it is using the wind to locate the birds. The dog must flush without encouragement.

The senior hunting Spaniel must find and flush three (3) birds and retrieve a minimum of two (2) birds on land. It must also be capable of retrieving one (1) bird from water in a downwind or crosswind by swimming a distance of 50 metres and a maximum of 75 metres.

It must complete two (2) single blind retrieves in a downwind or crosswind; one (1) on land at a minimum of 50 metres and a maximum of 75 metres, and one (1) from water by swimming a minimum distance of 30 metres and a maximum distance of 50 metres.

The dog must be sent only at the judge's direction and all birds must be delivered to hand.

Master Hunt Test

A master hunting Spaniel must not only show all the positive attributes of a senior hunting Spaniel but be capable of hunting adjacent to another dog (bracework) and honouring its bracemate when required to do so (i.e., steadiness to wing and shot and during its bracemate's retrieve).

The dog must show intelligent use of wind, show the ability to track, be prepared to handle all types of cover and terrain, and be under complete control at all times. Interfering with its bracemate and hunting out of control are faults worthy of disqualification.

In the interests of safety, a centreline must be indicated, as terrain dictates.

The master hunting Spaniel must find and flush three (3) birds with at least two (2) retrieves. All shot birds must be retrieved. It must also be able to retrieve one (1) bird from water in a downwind or crosswind by swimming a distance of 50 metres and a maximum distance of 75 metres.

The dog must complete a downwind blind land retrieve at a minimum distance of 75 metres and a maximum distance of 100 plus a downwind blind water retrieve by swimming a minimum distance of 35 metres and a maximum distance of 50 metres.

In addition, the dog must complete a double retrieve. It must be seated (hupped) approximately 10 metres from the water's edge. A shot is fired, and the first bird is thrown in cover on land at a minimum distance of 50 metres and a maximum distance of 75 metres. Another shot is fired, and the second bird is thrown into the water at a minimum distance of 35 metres and a maximum distance of 50 metres. A minimum of five (5) decoys, anchored separately, should be set on the water in proximity of the line to be followed. At the judge's direction the dog is sent. The handler shall decide which retrieve is to be completed first. All retrieves must be completed and delivered to hand.

Water Test

The water test will be conducted in a manner that the bird will be thrown from shore or from a boat.
